TURKEY GOBBLES.

A Few American Guns for Her Own Benefit.
[ASSOCIATED PRESS NIGHT REPORT.]
CONSTANTINOPLE, August 18.—(By Atlantic Cable.) The Porte Friday replied to the American demand for compensation for losses sustained by American subjects during the Armenian massacre. The reply is the same as that given the other powers, repudiating all responsibility for the losses.

During the course of the farewell audience of Dr. J. B. Angell, the retiring American Minister to Turkey, the Sultan referred to the war between the United States and Spain. He said he was much impressed with the naval operations and the terrible execution of American guns, and had ordered the purchase of similar guns for Turkey.

SPAIN'S ANSWER AGREED UPON.

French Embassy Gives The Times Correspondent the First Official Statement.

Ambassador Cambon Received Notification by Cablegram Direct From Madrid Yesterday Afternoon.

THE REPLY ITSELF SHOULD REACH WASHINGTON TODAY.

Considerable Time Necessary to Translate It From Cipher and Then Into English—Absence of Secretary of State Day May Add to the Delay. Possibility That the Official Declaration May Not Be Made Public Before Tuesday—Diplomatic Juggling a Probable Feature of the Case. Other Negotiations Necessary in Any Event Before Peace Can Be Formally Declared—President McKinley Profits by the Delay to the Extent of Further Sounding Opinion About the Philippines—A Strong Footing Will Be Held in the Islands.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Aug. 7.—[Exclusive Dispatch.] From the French embassy here tonight, the Times correspondent learned that Spain had positively agreed upon an answer to our terms of peace. This is the first positive statement which has come to the public direct that terms have been agreed upon. The information came to M. Cambon in the form of a cablegram from Madrid this afternoon. Spain's note, however, has not arrived, and it is not expected that it will reach Washington until tomorrow afternoon. After it gets here, considerable time will be required to translate from cipher and then into English, so that it is exceedingly doubtful if the note is presented to President McKinley before Tuesday morning. It cannot well be presented before that time, as Secretary of State Day will be away from Washington most of the day tomorrow, and the note cannot be handed to the President in the absence of the Secretary of State.

What Spain's answer will be is another question. It will be recalled that President McKinley's note amounted practically to an ultimatum. Terms were given, and it was understood that they were to be rejected or accepted. Spain has taken a long time to frame her answer, and reports from Madrid say that there has been made several drafts before the Cabinet formulated a satisfactory reply. It is feared the note from Madrid will contain so much diplomatic juggling with words that it will take some time to untangle the knot into which she will tie negotiations, and peace will be delayed. Indications do not point to such circumstances, but the thing has happened before in dealing with Spain.

The present delay, however, has not been without its good effects. It has permitted President McKinley to study the desire of the Senate and people with regards to the Philippines before he was called upon to consider at close range the appointment of peace commissioners. Whoever these commissioners may be, it may be put down as a fact that they will be men with strong leanings toward territorial expansion. Enemies of the plan of holding the Philippines will not find a place upon the commission.

Public men who have been talking with the President during the last few days have gained the impression that he is leaning toward a strong footing in the Philippines for this country. This is not saying that his mind is made up, but in the formative period the mind of the President appears going toward permanent retention of the Philippines, rather than going away from them.

Senator Elkins of West Virginia, who sees the President nearly every day, appears to be more pronounced for the retention of the Philippines after each visit to the White House.

Some Negotiations Necessary.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 7.—Although as yet without official confirmation of the report from Paris that the Spanish government has decided to accept the terms laid down by the United States as essential to the negotiation of a treaty of peace, the officials here are proceeding under the conviction that the end has come, and are giving attention to the steps to be taken next. In view of the delay in coming to this conclusion the idea was beginning to prevail that the Spanish government was about to enter a plea in abatement, and that the answer would be again inconclusive. In this case the President was disposed to deal firmly with the issue to give notice that our proposals were withdrawn and to let it be understood that when Spain again sued for peace the conditions would be more severe than those first laid down. If the Spanish answer should embody an effort to secure any material change in the condition it will meet with prompt rejection.

Some reference has been made in the dispatches of British newspapers to a desire on the part of the Spanish government to include in the preliminary agreement a clause exempting it from liability for the Cuban debt. The formal statement of the points of the United States note given out from the White House made no reference to this subject, and it cannot be known as yet whether or not the full text shows anything more. But presuming that no reference whatever is made to the Cuban debt, and it is possible the subject may be regarded as one that should be treated by the peace commissioners who are to meet later to frame the treaty which, of course, will embody many details that are left untouched in the main proposition. Cabinet officers have authorized the statement that no part of the Cuban or Porto Rican debts would be assumed by the United States.

Based on the Associated Press reports of the progress being made at Madrid toward returning the answer of Spain, it was calculated by the department officials that the formal note could not be delivered to the President before tomorrow, and that was also the belief of the French Ambassador, from the length of time consumed in its preparation, the note was believed to be long, thus entailing the consumption of much time in forwarding it first to Paris, reducing it to cipher there, transmitting it over the cable and then retranslating it at the French embassy. In the case of the last note, the attachés of the Embassy worked nearly all night to prepare their communication to the Spanish government, though the conference with the President closed before 5 o'clock in the afternoon with the Ambassador in possession of the United States note.

Should the Spanish answer be an unconditional acceptance of our terms, some negotiations may be necessary to agree upon the steps to be taken to give effect to the agreement. So far as can be learned, it has not yet been determined how this shall be done. There are two ways then. The first is a military capitulation by the captain-generals of Cuba and Porto Rico, which will immediately place the American military or naval commanders in technical occupation of the islands and enable them to carry out in their own way the embarkation of the Spanish armies in the islands. The intention as to whether they shall be permitted to carry off their arms is not now as material as it was in the case of the surrender of Gen. Toral's forces at Santiago, where, occurring in the midst of the campaign, there was a necessity for securing the moral effect of compelling the Spanish soldiers to lay down their arms.

Spain having succumbed, it might be urged that the United States might grant a concession on this point to Spanish pride without fear of the consequences of a refusal. This would not apply, however, to the volunteers, who might elect to remain in Cuba, as it would not be prudent to allow so large a body of men to carry arms without restraint in the days of reconstruction, when delicate and difficult matters of internal policy are to be settled and new methods applied to the government of the islands. The second method by which the preliminary peace agreement might be formally effected would be by a protocol to be signed by a representative of the President, probably Secretary Day in this case, and by M. Cambon in behalf of the Spanish government. It was by just such an agreement as this, known as the "Cushing protocol," that war with Spain was averted as a result of the Virginius affair. This, course, having the weight of precedent, may be adopted in this case. It is probable that in the Philippines the greatest difficulty will be met in putting the agreement into effect on account of the attitude of the insurgents, but Gen. Merritt is now gaining in strength.

daily, and probably will be in a position to meet any emergency.

Gen. Wade's reinforcements for Gen. Miles are going forward regardless of the progress of the peace negotiations. The agreement to negotiate a treaty of peace does not necessarily carry with it a cessation of hostilities. In the case of the Mexican war, it was a month after the peace negotiations began before hostilities were declared to be closed, and if desirable, these reinforcements may be intercepted and returned to the United States after they sail. The present plans of Secretary Alger all contemplate that they shall leave the United States, especially as it is felt that with the practical field experience they will acquire in Porto Rico under favorable climatic conditions they will make good material to use both there and in Cuba in carrying out the government's reconstruction policies.

Secretary Alger is apprehensive that the small wharfage resources of Santiago will seriously retard the execution of the department's orders for the speedy return to the United States of Shafter's army corps. With the Spanish steamers coming in to take away the surrendered army of Gen. Toral, which must be first removed before it will be safe to withdraw the whole of the American force, it is going to be difficult to embark the latter without incurring danger of a severe congestion in the unhealthy town. Gen. Shafter has been instructed by cable to describe the state of affairs, and he will be given all the help in the power of the War Department, but it is believed that the whole of Shafter's soldiers cannot be embarked before the first of September. Meanwhile the big hospital and camp at Montauk Point is being rapidly put in readiness for their receipt. As there is a doubt as to the ability of the transports to come alongside the wharf in Port Pond Harbor, provision will be made for a number of light-draught steamers to take the men ashore from the big steamers.

An order has been issued by Adj. Gen. Corbin for the One Hundred and Sixty-first Indiana Volunteer Infantry, now at Camp Mount, Indianapolis, to proceed at once to Jacksonville for duty with the Seventh Army Corps.

The following telegram was received today from Brig. Gen. Duffield, who has returned to the United States from Santiago, where he was stricken with yellow fever. The officers named in the dispatch have been furloughed by the War Department and ordered to their homes:

"PORT TAMPA (Fla.) Aug. 6.—Adjutant-general, Washington: Thank you very much for your dispatch. Dr. Geddings in charge of quarantine will facilitate our departure in every way in his power. Time of quarantine up on Tuesday at 6 o'clock. Please express to Secretary my appreciation of his remembrance. The names of the officers affected by your telegram are: Brig. Gen. Henry M. Duffield, U.S.V., Detroit, Mich.; Col. Charles L. Boynton, Thirty-third Michigan, Port Huron, Mich.; Lieut.-Col. L. J. Logan, Ninth Massachusetts, Boston; Maj. Henry M. Dons Think Their Reply Is a Winner.

They Expect Uncle Sam Will Stop His Fighting.

Cabinet and Queen Regent Have Approved the Terms.

The Answer Said to Be Certain at Reaching the White House Tuesday—Spain's Negotiators Picked. The Country Is Hushed.

[BY DIRECT WIRE TO THE TIMES.]

MADRID, Aug. 7.—[Exclusive Dispatch.] The city and entire country are quiet today, and there are no premonitions of an outbreak. Duke Almodovar de Rio, Minister of Foreign Affairs, was charged with the revising of the reply to the American demands. The reply is to be read and approved at the Cabinet Council today.

CABINET MEETS.

[BY DIRECT WIRE TO THE TIMES.]

MADRID, Aug. 7.—[Exclusive Dispatch.] The members of the Cabinet met this afternoon to decide upon the exact form of Spain's reply to the American terms of peace. A draft of the proposed reply was prepared, and the Cabinet Council adjourned until 8 o'clock this evening.

After adjournment Sagasta visited the Queen Regent with a copy of the reply as drawn up, and submitted it for her approval.

At the conclusion of his conference with the Queen Regent, Sagasta announced that Her Majesty approved the general trend of the reply to the United States. This reply is an acceptance of the demands made by the United States.

SPAIN'S NEGOTIATORS.

[ASSOCIATED PRESS NIGHT REPORT.]
MADRID, Aug. 7.—From a well-informed source, it is learned that while the answer does not discuss the four bases which the United States makes an essential preliminary to peace, and which Spain accepts without reservation, it points out that in order to avoid the definitive negotiations being in any way complicated by incidents of the war, it is expedient to agree before hand to a suspension of hostilities.

It is reported that the Duke Almodovar de Rio, the Minister of Foreign Affairs, and Mr. Merry del Val, the Spanish Ambassador to the Vatican, will be selected to represent Spain in the negotiations. The newspapers make no comments on the situation, owing to the strictness of the censorship.

NOT FULLY DRAWN.

[ASSOCIATED PRESS NIGHT REPORT.]
MADRID, Aug. 7, 12:30 p.m.—The reason for postponing the Cabinet Council until 6 o'clock this evening is that the note is not yet fully drawn up. The government believes that the United States will accept Spain's answer, which will certainly reach the White House by Tuesday. As a consequence of the United States accepting the reply, hostilities will immediately afterward be suspended.

CONCERNING THE CORTES.

[ASSOCIATED PRESS NIGHT REPORT.]
PARIS, Aug. 7.—[By Atlantic Cable.] The Madrid correspondent of the Temps says: "The Cabinet council this morning discussed the question of assembling the Cortes, but no decision was reached, as the ministers' desire to ascertain if the United States considers the approval of Parliament necessary to the definite signing of peace terms."

FRANCE IS ADVISED.

[ASSOCIATED PRESS NIGHT REPORT.]
PARIS, Aug. 7.—A dispatch from Madrid says Spain accepts the United States' conditions of peace.

THINKS IT SATISFACTORY.

[ASSOCIATED PRESS NIGHT REPORT.]
MADRID, Aug. 7.—[By Atlantic Cable.] The Cabinet council terminated, after having completely approved the reply to the United States which, it is said, accepts the Americans' proposal. The reply will be telegraphed to Señor Leon y Castillo, the Spanish Ambassador to France, tonight, so that M. Cambon, the French Ambassador at Washington, will receive it tomorrow.

The government is fully convinced that the note will be satisfactory to the Washington government, and that a suspension of hostilities will be its immediate consequence.

CUBAN DEBT PROBLEM.

[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, Aug. 8.—A special dispatch from Madrid says that apparently the public is little concerned about the progress of the peace negotiations. There were bullfights as usual today (Sunday), and the customary amusement proceeded with the utmost gaiety. El Imparcial proposes a new solution of the settlement of the Cuban debt. It takes for granted that the United States cannot be asked to assume the burden of about \$100,000,000, when the rebellion began in 1895, and the \$450,000,000 spent since, and it suggests that Spain should undertake to pay interest and redemption on the Cuban debt.

until the new West Indian republic is in a position to do so, which El Imparcial seems to believe Cuba soon can do when its vast natural resources are developed under an American protectorate.

The same paper goes on to say that Spanish finances will be very seriously compromised and the interests of Spanish and foreign holders of Cuban stock also, if the United States does nothing for the Cuban debt. The Madrid press insists that this matter will yet be mooted in the negotiations between Spain and the United States.

The paper's attitude in consulting the political leaders. This act has greatly strengthened his position, because nearly all approved his peace policy and none had any feasible plan to propose for prolonging the war or getting better peace terms.

The comments on the conditions of peace are very reserved. If the United States insists upon an immediate evacuation of the Antilles, the Cortes will be evoked forthwith. The Regent will sign a decree increasing the note circulation of the Bank of Spain. The work of strengthening the fortifications in the vicinity of Gibraltar goes on unceasingly.

VIA LONDON.

Seemingly No Doubt That Spain Desires Peace.

[ASSOCIATED PRESS NIGHT REPORT.] LONDON, Aug. 7.—[By Atlantic Cable.] The Madrid correspondent of the Times, telegraphing Sunday, says:

"Today all the best authorities agree that the government has decided to accept the American conditions. The American reply to Spain's request for explanation reached Madrid Friday evening. The text has not been given out, but it is known that it brought little consolation. President McKinley turned a deaf ear to the suggestion that Porto Rico might be left to Spain and compensation gotten elsewhere. Regarding the Philippines, the reply was not altogether satisfactory, but it was of such a nature that there was no longer any necessity for postponing a decision on the main question.

"Señor Sagasta's extensive consultation seemed to leave no doubt that the nation wants peace as to the content of Spain's reply, the oracles differ. Some say it contains no contentious matter, and others say it contains the four demands of President McKinley's first communication, and suggesting an immediate suspension of hostilities. On the other hand, others claim that it is prefaced by an account of the origin of the war, tending to prove that as Spain was in no sense the aggressor, she ought not to be expected to pay a war indemnity, either in money or territory.

"Though the King, according to the constitution, has the right to declare war and make peace, any cession of national territory requires the sanction of the Cortes; and any Minister consenting to such a cession without the sanction of the Cortes, according to the Penal Code, to imprisonment for life. It would be necessary, therefore, to convene the Cortes before the treaty of peace is ratified, but the government has not yet decided at what stage of the proceedings this necessary formality will be required. The well-informed quarters, doubts are expressed as to whether the Spanish note will be dispatched to Washington quite so soon as is generally expected."

WERE TOUCHED.

Sagasta and Duke Almodovar Tell the Queen So.

[ASSOCIATED PRESS NIGHT REPORT.] MADRID, Aug. 7.—[By Atlantic Cable.] According to reliable sources information the Spanish note is couched in dignified language. It asserts that Spain bows to the force of circumstances, having done nothing to provoke the war into which she had been unwillingly led in the defense of her rights and territory. It expresses a willingness to accept the terms proposed by the American commissioners to discuss a régime for the Philippines.

It is understood that both Señor Sagasta and Duke Almodovar de Rio, the Foreign Minister, told the Queen Regent that they felt deeply the painful duty circumstances imposed upon them.

ANARCHIST PLOT.

[ASSOCIATED PRESS NIGHT REPORT.] MADRID, Aug. 7.—El Epoca states that the police are investigating an anarchist plot against the life of a high political personage who was to have been carried out tomorrow upon the occasion of the anniversary of the assassination of Señor Cánovas del Castillo.

CUSTOMHOUSE SEIZED.

[ASSOCIATED PRESS NIGHT REPORT.] MADRID, Aug. 7, 2 p.m.—An official dispatch from Porto Rico says the Americans yesterday seized the customhouse in the village of Fajardo, which place was the headquarters of an American column, the dispatch also says, supported by artillery, advanced on Guayama. The Spaniards made a brave defense, but were forced to withdraw to Altare. The capture of the Spaniards were killed.

MAY MOVE MORE.

The Camp Ground at Bristow Proves Undesirable.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Aug. 7.—Many people from Washington and the surrounding country journeyed today to take a final look at the site of the First Division which are so soon to leave those places for Mexico. The new camp is to be located. The weather was again very hot and the roads dusty.

There is very little news from camp and all the men are looking forward eagerly to the proposed movement which they feel is now but a short time ahead. A detachment of the First Division will leave camp tomorrow for New York City, where they will go aboard of the government transports for Porto Rico.

Gen. Davis's second division of the corps, originally stationed at Camp Belton, has now been moved to Camp Bristow. The expectation was a permanent camp would be located, but this may have to be changed, as investigation of the country shows a great scarcity of water. If the camp is located at Bristow, many artesian wells will have to be sunk to supply the demand. There were a few heat prostrations as a result of the hard marching, but so far as ascertained, none of them are serious.

KEEPING THINGS HUMMING.

[ASSOCIATED PRESS NIGHT REPORT.] PONCE (Porto Rico), Aug. 7, evening, via St. Thomas, D. W. L.—Gen. Wilson has moved the headquarters of his division from Ponce to Juana Diaz. Gen. Schwan, with the Eleventh Regiment Infantry and two batteries moved today through Yauco toward Mayaguez. Gen. Brooke is moving north from Guayama with 10,000 men.

Admiral Sampson Spoils a Yarn. Picturesque Scene at Rough Riders Encampment—Our Fleet Intact.

[ASSOCIATED PRESS NIGHT REPORT.] WHEELING (W. Va.), Aug. 7.—The first details at first hands of the bloodless capture of the principal of the Ladrone Islands reached Wheeling today in a letter to Hon. Augustus F. Lack from the naval officer who figured in the leading role of the exploit, Lieut. William Braunerreuther, executive officer of the cruiser Charleston. The letter follows:

"Mr. CHARLESTON, at sea, and 1000 miles from Manila, June 21, 1898.—We have just carried out orders to capture the Spanish authorities at the capital of the Ladrone Islands, Agaña. I was selected by the captain to undertake the job, and given 100 men to lead with a starter. I went ashore to have a talk with the Governor about affairs, and the result was that I did not lose even a single man. The matter was all settled in one day, and we are carrying with us fifty-four soldiers (Spanish and American), and a number of Mauser rifles and nearly 10,000 rounds of ammunition. I had the whole to handle, and did it up quickly. The captain's instructions were to wait for an hour for an answer to his ultimatum, then use my troops. I waited, and in just twenty-nine minutes the Governor, having had his second messenger addressed to the captain of my ship out in the harbor, about four or five miles off.

"This was sealed with the sole object of gaining time, and hence I broke the seal and read the contents. The Governor protesting and saying that it was a letter for his private use, I replied: 'I represent him here. You are now my prisoners, Señors, and will have to come on board ship with me.' They protested and pleaded, and finally, the Governor said: 'You came on shore to talk over matters, and you make us prisoners instead.'

"I replied: 'I came on shore to hand you a letter and to get your reply. This reply, now in my hands, you agree to surrender all under your jurisdiction. If this means anything at all it means that you will accept my terms, and I may deem proper to make you. You will at once write an order to your military man at Agaña (the capital), three miles away, to have his messenger deliver here at this place at 4 p.m. (it was then 10:30 a.m.) June 21, all arms and ammunition and all Spanish flags on the island. Each soldier is to bring his own rifle and ammunition, and all the soldiers, native and Spanish, with their officers, must witness this. They protested, and murmured, saying there was enough to do, but I said: 'Señors, it must be done.'

"The letter was written, read by me, and sent. I took all the officers on board with me in a boat, and at 4 o'clock p.m., went ashore again and rounded in the whole outfit. I was accompanied by two men from my ship and had only four men with me. At 4 o'clock p.m., when I dismissed 108 men and two officers, I had 46 men and three officers with me. The key to the whole business was my breaking the seal of that letter and acting at once. They had no time to delay or prepare any treacherous tricks, and I got the drop on the whole outfit, as they say out west.

"The native troops I released and allowed to return to their homes unrestrained. They manifested great joy in being relieved from Spanish rule. While it was harsh, it was war, and in connection with the Spanish treachery, it was all that could be done. Twenty-four hours would have—yes, I believe even four hours, with a leader as wise as the Governor, who was a lieutenant-colonel in the Spanish army, given them a chance to hide along the road to Agaña, and at intervals in the dense tropical foliage they could have almost any number of force we could land. The approach to the landing, over shallow coral reefs, would have made a landing without a terrible loss of life almost an impossibility. But 'all's well that ends well.'

"The details I have scarcely touched upon, but had the officers and soldiers dreamed for one minute that they were to be torn from their homes, there would, I feel sure, have been another story to tell, and I am firmly convinced this letter would never have been written.

"The captain, in extending to me his congratulations, remarked: 'Braunerreuther, you'll never get as long as you live, have another experience such as this. I congratulate you upon your work.'

"At this whole affair was transacted in Spanish, I had an interpreter with me, but I forgot all about using him. I did not want him to get a taste to think, even, before it was too late."

OTHER MAN LIED.

Admiral Sampson Crushes a Yarn About Mines.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, August 7.—Secretary Long today requested the publication of the following correspondence:

"UNITED STATES FLAGSHIP NEW YORK, (first rate), My Dear Mr. Secretary, I am led to write you this time on account of the publication of an article which appeared in the papers of the 19th inst., in which Commodore Schley is made to say that he had stated to the writer that he had over and over again declared it was possible to enter the harbor of Santiago, notwithstanding the mine and torpedo. Schley called upon me and voluntarily stated that the publication of the article was false in every particular; that he had never stated anything of the kind, but that he had never even thought of it; that he had always entirely agreed with me on this question, and he did not know of a single officer whose opinion differed from mine. As I have reason to believe that Commodore Schley has been misrepresented, I have taken the liberty to address to you a telegram upon this subject this morning; and as I am about to sail for the east, I trust that it will receive your attention at an early date.

"Yours respectfully, [Signed] W. T. SAMPSON, Commander-in-Chief, North Atlantic Station."

The telegram referred to is as follows: "PLAYA DEL ESTE, 1st Inst., July 27, 1:32 a.m.—Secretary Navy, Washington: I call department's attention to an Associated Press dispatch in the New York Times and Herald of the 19th inst., attributing to Commodore Schley certain opinions regarding mines. I request that the manager of the Associated Press be called to account for this statement."

[Signed] "SAMPSON." On receipt of this telegram, the department wrote the following letter to the Associated Press:

"NAVY DEPARTMENT, Washington (D. C.), July 28, 1898.—Sir: The New York Times and Herald of the 19th inst. published an Associated Press dispatch in which certain opinions regarding mines are attributed to Commodore Schley. This dispatch, which was published in such a manner as to convey the impression that it was received from your representative with the squadron of Santiago and containing statements which have been proven to be untrue, has been censured by proper naval authority. I therefore have to request that you inform this department at your earliest convenience of the authority for the dispatch to which reference is made.

"Very respectfully, [Signed] "JOHN D. LONG, Secretary."

"Mr. C. A. Boynton, general secretary manager of the Associated Press, Washington. The reply of the Associated Press is as follows:

"WASHINGTON, Aug. 1, 1898.—Hon. J. D. Long, Secretary of the Navy, Sir: Your favor of July 28 is at hand, concerning articles in the New York Times and Herald of the 19th inst., in which certain opinions in regard to mines are attributed to Commodore Schley. This letter was not written by either of our representatives with the squadron of Santiago, but by another gentleman who was temporarily on one of your dispatch boats. The dispatch was a subject of censorship. Our Mr. Graham, who has been constantly with Commodore Schley since his squadron assembled at Hampton Roads, and is probably more familiar with his views than any newspaper man at Santiago, takes issue with the gentleman who wrote the letter referred to and says that Commodore Schley was always in complete accord with Admiral Sampson as to the question of entering the harbor. He quotes Commodore Schley as saying: 'Admiral Sampson's opinion has always agreed that it would be foolish to enter the harbor with the mines in place, and the condition of the mines was such that Admiral Sampson was correct.'

"Very respectfully, [Signed] "CHARLES A. BOYNTON."

ON THE BLOCKADE.

Ships of the Squadron Make Occasional Captures.

[ASSOCIATED PRESS NIGHT REPORT.] KEY WEST, Aug. 7, 15 a.m.—The tug Hudson which has been at the Unca on the north coast blockade, sank a little Spanish sloop, a few nights ago and captured another one off Cardenas yesterday. The captured sloop was the Christina and was loaded with fish, a quantity of which was served up for breakfast to the Hudson's men, who had been out for a month and had little left in the way of provisions. Three Spaniards were on the Christina and put off in their tender when they saw the Hudson approaching, and gained a key just off shore.

The converted yacht Onida also came from the blockade today. She reports that she destroyed yesterday a body of Spanish infantry fired about thirty rifle shots at her from a point on the beach several miles east of Moro Castle. The gunboat did not return the fire.

FLEET INTACT.

[ASSOCIATED PRESS NIGHT REPORT.] PLAYA DEL ESTE (Guantanamo Bay), August 7, 7 p.m.—The fleet is still here intact, awaiting word from Washington. The collier Lebanon, towing a coal scow, was captured today by the schooner Admiral Sampson, with provisions for sale also arrived. Both schooners are from Key West. The converted yacht Vixen was from Santiago this morning and got the registered mail held there for the fleet. The St. Louis is still here awaiting the decision of the question of her entering Santiago. Her cargo is coal.

COULDN'T MAKE AN ENTRY.

[ASSOCIATED PRESS NIGHT REPORT.] ST. THOMAS (D. W. L.), Aug. 7.—The Mayflower and Annapolis are here coaling. The New Orleans was off the port yesterday, but the neutrality laws forbid her entrance until the expiration of three months from the date of her last visit. She resumed her course westward today.

ADVANCE ON ADJUTANTS.

[ASSOCIATED PRESS NIGHT REPORT.] PONCE (Porto Rico), August 7. Morning, via St. Thomas, D. W. L.—A general advance of the American force began this morning. The remainder of Gen. Ernest's brigade, consisting of two batteries, moved out by 6 o'clock, and a part of the Eleventh Infantry of Gen. Henry's division, started to the advance. The Adjutant, Troop A, of New York, the Philadelphia city troop, and Troop H of the Sixth Regulars are conveying Gen. Brooke's transportation column along the coast through Salinas to Arroyo. Wire communication with Gen. Brooke on the right has not yet been established. Col. Tilton's division will probably be assigned to the command of the Sixth Massachusetts.

SHIPMENT OF TORAL.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Aug. 7.—The War Department officials are entirely satisfied with the progress so far made toward the shipment to Spain of Gen. Toral's army surrendered at Santiago.

TENDING THE SICK.

[ASSOCIATED PRESS NIGHT REPORT.] FERNANDINA (Fla.), Aug. 7.—The hospital train, in charge of Maj. Richards, has arrived and is busily engaged in taking on the sick, aggregating about two hundred, for Fort McPherson.

"SIEGE ALL RIGHT."

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Aug. 7.—Adj.-Gen. Corbin said tonight that, while no definite information had been received by the War Department concerning the steamer Gussie, reported lost off the southwest coast of Cuba, he was reasonably sure the vessel was safe. She was sent to Santiago with supplies and from there was to go to Porto Rico with ordnance stores for the army of invasion.

Reports about transports from Gen. Shafter and Gen. Miles were received today, and as no reference is made to the Gussie it is taken for granted that she is carrying out the programme arranged for her.

WAITING FOR A PULL.

[ASSOCIATED PRESS NIGHT REPORT.] SAVANNAH (Ga.), Aug. 7.—The Third and Fifth regiments of United States Volunteers arrived here today, and are in camp awaiting transports to take them to Santiago. All of the officers and men are anxious to get away. There is no lack of enthusiasm among them and the appeals that have been made to the War Department, to save them from Santiago, the men of both regiments say, are without authority and misrepresent them by discrediting their valor.

CAUGHT HIM NAPPING.

HOW GRATZ'S OLD ASSOCIATES ACCOUNT FOR HIS DEATH.

The Oregon's Chief Master-at-Arms Was a Severe Marlinet—Nearly Murdered at Montevideo by Seamen—Suicide Theory Scouted.

[BY DIRECT WIRE TO THE TIMES.] SAN FRANCISCO, Aug. 7.—[Exclusive Dispatch.] The news that Chief Master-at-Arms Gratz of the battleship Oregon had killed himself, a day or two ago, in Guantanamo Bay, was received with interest by all in San Francisco who are familiar with the Jack rats of the American navy. Gratz was one of the best-known men in the marine service. His greatest claim to fame was as the leading actor in one of the most sensational incidents in naval annals, and in which he came as near to death as man could and survive. He was said to have been a count in Germany, and in support of this assertion it was well-known by his acquaintances that he was in frequent receipt of remittances of money from Germany, inclosed in envelopes sealed with the insignia of nobility.

The story of his suicide comes from Playa del Este, the nearest cable station to where the fleet lies, of which the Oregon is a part, and its meager details state only the bare fact that Gratz met death at his own hands. At White, of this city, who knew him well, said tonight:

"Gratz was chief master-at-arms on various ships, and had sailed in many seas. As I recall the incident that brought him into such prominence and to the brink of the grave, it was like this: Gratz was a disciplinarian as strict as ever trod a deck, and was cordially hated by his men. The chief master-at-arms of a war-vessel has charge of everything below, and his power over the rank and file is absolute.

"Gratz would tolerate no foolishness, and especially was set against the bringing aboard of strong liquors. Discovering a bottle of whisky in a sailor's kit, he would not only destroy it, but would make the owner suffer dearly. When he was on the Richmond, about ten years ago, things had gone from bad to worse, and finally a few determined men got it into their heads to put Gratz out of the way.

"One dark night, when the ship was lying in Montevideo Harbor, they beat him over the head with a belaying pin while he was asleep in his hammock, and after supposedly killing him lashed the hammock securely about the mattress it contained and shoved it through the pivot port. There was no time to weight it, and this omission saved Gratz's life.

"The hammock floated on the water, and as the occupant felt the chill of the tide he recovered consciousness and cried for help. The anchor watch put out a boat and rescued him. His assailants were never convicted, though various ones were suspected and some tried. Gratz was not cowed by his experience, and was as severe a Marlinet as ever after his recovery."

His old associates here scout the theory of suicide, and say the sailors, whom he ruled with an iron rod, at last caught him napping.

ALASKA TO MANILA. [ASSOCIATED PRESS NIGHT REPORT.] SEATTLE (Wash.), Aug. 7.—The steamer Alliance, which arrived here last night from St. Michaels, has been chartered by the government for a transport. She will sail for San Francisco in a few days.

THEY'RE COMING FAST. [ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Aug. 7.—The troops of Gen. Shafter's command at Santiago have begun to leave Cuba for the United States. A part of the Third and Sixth regiments of cavalry, numbering 550 men, are now en route from Santiago to Montauk Point, L. I. Three other regiments of troops will leave Santiago tomorrow and two are scheduled to leave Tuesday. All of them will sail for Montauk Point.

CONCHO'S TROOPS MOVED. [ASSOCIATED PRESS NIGHT REPORT.] NEW YORK, Aug. 7.—The convalescent troops from the transport Concho were transferred from Swinburne Island to the camp hospital on Governor's Island today.

SANTIAGO SICK. [ASSOCIATED PRESS NIGHT REPORT.] FORTRESS MONROE (Va.), Aug. 7.—One hundred and seven sick and wounded soldiers, who arrived here from Santiago yesterday on transport No. 30, the Lampasas, were taken to the post hospital. It is believed that few of the men are in a serious condition. There was no suspicion of fever aboard the transport, the final destination of the men is unknown. These men are convalescent.

ALBUQUERQUE MOURNS.

[BY DIRECT WIRE TO THE TIMES.] ALBUQUERQUE (N. M.), Aug. 7.—The death of this city is at half-mast out of respect for Guy Endsley. A letter was received in the city this morning, giving the information that Endsley had died in the hospital at Santiago de Cuba from yellow fever. He enlisted here in Capt. Max Luna's Troop of the United States Volunteer Cavalry, and participated in the battle of La Quasima and the taking of San Juan heights.

BADE BATTERY GOOD-BY. [ASSOCIATED PRESS NIGHT REPORT.] DENVER, Aug. 7.—Hundreds of people visited the camp of the Chaffee Light Artillery Battery, known officially as Battery A, Colorado Light Volunteer Artillery, at Fort Logan today to say good-bye to the men who will leave for Fort Hancock, N. J., in a few days. The battery consists of 109 men and 12 guns. It is the last of the Colorado Light Artillery to leave today. The destination of the battery is unknown, but the men are expecting to go to the Philippines via the Suez Canal.

Suicide or What? SALT LAKE, Aug. 7.—A special to the Tribune from Lander, Wyo., says a message has been brought in from Lake County, Idaho, saying that a body has been found floating in the reservoir east of the agency. The body is supposed to be that of W. P. Noble of Salt Lake, who left here for Caspar last Tuesday in company with R. N. Harvey, a traveling man from St. Paul. Nothing has been heard from them since they left.

NEWS SINCE MIDNIGHT.

[Under this heading are printed the very latest exclusive dispatches, being the cream of the war news in the New York morning newspapers of today, which is wired from that city about 5 a.m., reaching The Los Angeles Times about 2 a.m.]

WARMING SAN JUAN.

UNOFFICIAL REPORT THAT AMERICANS ARE BOMBARDING IT.

General Advance of the Army From Ponce—Native Regiments to Be Raised at All Towns—Philippines to Remain Under Spain's Suzerainty.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, Aug. 8.—[Exclusive Dispatch.] The unofficial report is current here late tonight that the bombardment of San Juan has commenced, and that part of Miles's forces have been pushed forward toward the city on the land side. Officials at the War and Navy offices say they have no dispatches confirming the rumor.

GENERAL ARMY ADVANCE.

[BY DIRECT WIRE TO THE TIMES.] PONCE, Aug. 7.—[Exclusive Dispatch.] In the general advance today the army of invasion under Gen. Swan, with the Eleventh regulars and part of the Nineteenth Infantry and Thorpe's Light Batteries moved to Yauco, advancing on Arecibo by way of the west coast road, touching at Mayaguez, where the Spaniards have artillery. Thence Gen. Swan will move inland by the way of Lares to Arecibo. Gen. Garretson will remain at Ponce for the present. Gen. Grant's brigade is expected to arrive daily. The weather is beautiful. There has been no rain for three days.

Gen. Wilson's vanguard is waiting for Gen. Brooke's advance toward Cayey before making a further move along the military road. Native regiments are to be raised and armed at all towns. Little resistance to the advance is anticipated. The Nineteenth Regiment will march via Adjuntos and Utuado, meeting the rest of the brigade in front of Arecibo. Col. Black of Gen. Miles's staff and the engineers will build a road with the assistance of 5000 natives, who are now employed by the Americans.

As has been told, the town of Adjuntos was captured Monday, but the details are just at hand. The Spanish regulars fled on the approach of Stone's little party, but the volunteers, seeing the smallness of the American force, which did not exceed a dozen men, determined to defend the place. As soon as they gave evidence of their intention, Capt. Lamar, who was in charge of the scouting party, decided to make a bluff to compel the volunteers to surrender without fighting. In full view of the enemy he made a show of sending Lieut. Lenor to the rear to bring up the main body, which consisted of the two men acting as a rear guard. The ruse worked successfully, and the volunteers signified their desire to lay down their arms. One hundred and five of them surrendered, and signal corps men took their guns and ammunition and then held the town until Stone, Lieut. Payne and ten troopers arrived. The alcalde co-operated with them in maintaining order. Later the guard was increased.

Volunteers from the surrounding country as far as Jajuga are coming in to Utuado to surrender. They report that from three hundred to fifteen hundred Spanish troops are holding the passes east of Lares, about fifteen miles northwest of Utuado, to prevent the Americans from cutting off retreat to San Juan of the garrison in the western part of the island. Stone has asked that troops be sent him. A company of the Second Wisconsin Regiment reached Utuado Friday, and more will be dispatched there.

Gen. Miles has recommended William G. Price, organizer of the Columbian Guards of the Chicago Exposition, for the colonelcy of the Sixth Massachusetts Regiment, rendered vacant by the resignation of Col. Woodward, whose command was not satisfactory. Col. Woodward asked Miles to give him a pass home, whereupon Miles said to him: "Go, go," pointing to the door. Woodward started for home this afternoon on the St. Paul.

Gen. Wilson says he does not believe there are more than 5000 Spanish regular troops in the island.

SPAIN'S FINANCING.

[BY DIRECT WIRE TO THE TIMES.] MADRID, Aug. 8.—[Exclusive Dispatch.] All newspapers except the Imparcial lay great stress on Cuban debts, and insist that they should play an important part in the coming negotiations. The Finance Minister has drawn up, and the Queen Regent will sign Tuesday, decrees regulating the payment of coupons on the exterior debt after October 1, and authorizing the Bank of Spain to increase its note issue from £60,000,000 to £100,000,000. The weekly balance sheets of the bank, which were gazetted today, show a note issue of £15,000,000.

WHEN SPAIN SUES.

[BY DIRECT WIRE TO THE TIMES.] LONDON, Aug. 8.—[Exclusive Dispatch.] A dispatch to the Daily News from Paris says that the Philippine Islands will remain under the suzerainty of Spain. She will not be allowed to cede the honorary supremacy of the islands to another power. The Standard thinks that when Spain has admitted her defeat and accepted virtual exclusion from the waters of the Western Continent, Washington will not wish to add to the difficulties of the Spanish government.

"Spain," the paper says, "emerges from the struggle sadly shattered and weakened, and with a cloud of Spanish ships."

cial and political troubles darkening around her path."

BLANCO BREAKS THE NEWS.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, Aug. 8.—[Exclusive Dispatch.] News has just reached Washington of the recent proclamation amnesty in which Gen. Blanco has made known to the Spanish people of Cuba, that Spain had, through the intervention of foreign powers, been forced to the disgraceful issue of suing for peace, and that there would be no more war and no further use for soldiers. He offered pardon to all Cuban political prisoners, and over one hundred and fifty were released at Havana. In explaining Spain's defeat in his proclamation, Blanco informs his credulous readers that Spain, having suffered so much in the present war, could not resist the interference of foreign powers and go to war with all countries at once, so she was compelled to accede to their dictation and sue for peace.

Havana, he says, will be given over to Americans and Cubans, and the Spaniards be forced to evacuate. He assures the soldiers and all Spanish residents who wish to return to Spain or other Spanish possessions, that free transportation will be given them by the mother country to their destination, and they will be protected from interference on the part of either Cubans or Americans. He suggests that the Cubans be forgiven and no longer be regarded as enemies, and that no unkind feeling be cherished.

MONTEAUK NO GOOD. [BY DIRECT WIRE TO THE TIMES.] NEW YORK, Aug. 8.—[Exclusive Dispatch.] The government is contented by a serious complication at the new camp site for Shafter's army at Montauk Point, L. I. Although examined into by representatives of the Surgeon-General's office and selected as the most available and healthy spot in the North, up to the present moment not a drop of pure water has been found available anywhere near the site. Wells have been driven all around where the troops are to be located, and in some of them sand has been found, which the officers say indicates water. But nowhere has pure living water been found. Unless water is found, and found quickly, the camp may prove an utter failure.

It is now said the men will have to drink water from Fort Pond, near at hand, which is brackish, containing about one-eighth the quantity of salt found in ocean water. This is the water which, it now seems, must be drunk by soldiers whose health has been ruined by bad water at Santiago and who are suffering from stomach trouble. Four thousand troops from Santiago are due at Montauk Point tomorrow.

STICK THE SPECULATORS.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Aug. 8.—[Exclusive Dispatch.] The decision of the President and Cabinet not to assume responsibility for the Cuban debt is not regarded with favor in certain financial circles. Great pressure is being exerted upon the administration to have the United States guarantee the payment of the debt or load it upon the Cuban republic. Speculators have bought Spanish bonds at 25 cents on the dollar, and by the guarantee of the United States that the bonds would be paid they would reap a rich profit. The speculators are aware that Spain will never pay the bonds.

DAY WILL GO OUT.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Aug. 8.—[Exclusive Dispatch.] A Washington special to the Herald says: "In connection with the probable selection of Secretary Day as one of the commissioners to negotiate a treaty of peace, I am able to make the important announcement that he will, at an early date, retire from the office of Secretary of State, after concluding his labors as a member of the commission, and resume the practice of law in Canton. It has long been known privately to his most intimate friends that when he accepted the portfolio he did so with the understanding that he would resign the office immediately after peace had been restored between Spain and the United States."

NAMES FOR SELECTION. [BY DIRECT WIRE TO THE TIMES.] NEW YORK, Aug. 8.—[Exclusive Dispatch.] A Washington special to the Herald says: "The names of Secretary Day, Ambassador Porter, Senator Allison and Justices Harlan and Brown of the United States Supreme Court are among those likely to be selected as peace commissioners. It is now believed that at least three of these five names will be attached to the treaty."

"It is still uncertain whether there will be three or five commissioners, but I am reliably informed that the President has practically decided to appoint Day; that he is wavering between Porter and Allison, and that either Harlan or Brown will be selected from the Supreme Court."

CARDENAS WELL DISPOSED.

[BY DIRECT WIRE TO THE TIMES.] KEY WEST (Fla.), Aug. 8.—[Exclusive Dispatch.] No resistance will be offered by the inhabitants of Cardenas if an attack is made by the United States army. The assurance has been sent to Lieut. Newcomb, commanding the gunboat Hudson, on blockade duty between Matanzas and Cardenas, which arrived here today with the Spanish sloop Crystallina in tow. The residents of Cardenas, as an earnest of their de-

sire that Americans shall take possession, have offered to send to the commander of the Hudson the military expert who placed the mines in the harbor, whenever it is desired to remove them.

The Spanish troops have been nearly all withdrawn from Cardenas and sent to Havana. Three thousand of them, left to protect Cardenas in the event of invasion, have abandoned the port and gone to the interior to seek

SCANDIA AND ARIZONA MAY SAIL BY SATURDAY NEXT.

Rough Riders Embark and Sail Northward—Gen. Shafter Inspects Camp Named for Him. Health Reports.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 7.—The big transports Scandia and Arizona may sail for the Philippines by the end of the week, but not before. There is a growing belief that they may not carry so many men as was at first intended, and that the beginning of peace negotiations will mean the mustering out of most of the troops remaining at Camp Merritt and the Presidio. Gen. Merritt now has with him or on the way to Manila 15,000 men. Nearly five thousand tons of commissary stores will go on the Scandia and Arizona. The only movement of troops during the early part of the week will be the beginning of their march to the Yosemite of the Utah cavalry and perhaps the sailing of 150 members of the First New York Regiment on the Mariposa. No arrangements have been perfected yet for the transportation of the rest of the regiment, and they are likely to remain here several weeks unless some vessel not now in sight takes them. Maj.-Gen. Merriam himself is anxious to go to Honolulu to look over the new territory added to his department, but he states positively that he will not leave here until the way is clear to send all the troops ordered to sail for Manila.

The volunteers of the Sixth California Regiment stationed at Fort Point are no longer called on to practice with old muzzle-loading cannon, but are being drilled in the work of manning modern guns. Every day a detail from each company receives instructions on mortar batteries, 12-inch breech-loading rifles and disappearing guns.

PRESIDIO PATIENTS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 7.—There are now 292 patients in the divisional hospital at the Presidio. Both of the big buildings in use are full, and five hospital tents have been erected. Twelve patients were brought in today, seven of whom have measles—three from the Seventh California, two from the Fifty-first Iowa, one from the First Oregon recruits. The most serious case in the divisional hospital is that of First Sgt. Wesley Kimmerly of the First Tennessee Regiment, who has spinal meningitis and is not expected to live. In the Presidio post hospital there are fifty-three cases, including twelve from the total Saturday morning. Only one patient is dangerously ill, Private Reed of Co. E, First New York Regiment, who is very low with pneumonia.

CANADIANS' OFFER DECLINED.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Aug. 7.—The following telegram was received by Gov. Tanner this evening:

"WASHINGTON, Aug. 7.—Gov. John E. Tanner, Chicago, is regretted by the Secretary of War that there is no law under which Col. Baynes's Canadian-American Regiment can be accepted at this time."

[Signed] "H. C. CORBIN, Adjutant-General."

The Canadian-American regiment, which was organized in Chicago by Col. Baynes, the British army, consists largely of yellow-fever immunized, who have seen service in the British army. The immunized were offered to Gov. Tanner to be sent to service to take the places of the dead and wounded in the volunteer regiments now at the front.

CAMP ALGER'S HEALTH.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 7.—Secretary Alger visited Port Myer this afternoon with a view to ascertaining personally whether everything possible was being done for the soldiers of Camp Alger, who are in the hospital at the fort. He found the situation there as could be expected under the circumstances. At present there are about seven hundred and thirty-five men in the hospital. Thus far, the fatalities among the troops at Camp Alger have numbered thirty-nine. This is not considered a great loss in one army of nearly thirty thousand men, during the three months the men have been in the service.

SAILING, SAILING.

Picturesque Scene at the Embarkation of Rough Riders.

[ASSOCIATED PRESS NIGHT REPORT.]

SANTIAGO, August 7, 11:20 a.m.—The First Regiment Cavalry and the First Volunteer Cavalry, Rough Riders, will sail today on the transports Miami and Matanzas.

Of the Rough Riders, the following remain here sick: William Tiffany, Troop C; Corp. Edgar A. Schwartz, Troop G; and Privates William B. Holt, Troop E; F. G. Whalen, Troop A; and A. Steadman, Troop D. They will probably leave in ten days in care of Dr. Gonzales. Cummings's Battery will sail today in the Vigilante.

Later, 4 p.m.—The Rough Riders came to town by rail from their camp at 1 o'clock this afternoon. At the station they fell into line, each company being presented by a red and white banner bearing the number of the regiment and the company letter. Col. Roosevelt rode at the head of the regiment as it marched down the Alameda, leading the water front to the docks where the Miami was moored. All the men looked fit and well. They presented a picturesque appearance. Some wore new khaki uniforms, while others were attired in heavy blue dannel shirts, with their old equipment. All expressed regret at leaving their companions behind, but were wild with joy at the prospect of so soon returning home. They take no tents or baggage with them. The work of embarkation was very easy and was quickly performed. The men are eager to return for the Havana campaign in the fall.

Lieut. Stedberg of the Fourth Cavalry and Lieut. Rivers of the Second Cavalry, members of Gen. Young's staff, who, since Gen. Young left Siboney sick, have been on Gen. Wood's staff, have been ordered to report to Gen.

A QUEER GERMAN CARTOON ON SPAIN AND UNCLE SAM.

Queerer Poetry That Went Under It of Which This is a Free Prose Version.

[From Jugend.]

Velled in dense mists (of ignorance) the Spanish lady, a mysterious being, dwelt in the midst of the seas. She had the delusion that she was "unfindable," but her veil of mist ripped and the delusion vanished. "Hello! she is so near that I can reach her," cried "Sam," the cable-cutter, and "cannon-boomed man," and thus the war game will soon be over, pointing the moral, that even the coyest of the coy will get cornered in the end.

Note—Uncle Sam carries the scissors to cut cable with.

Young at Montauk Point at once and will leave on the Miami.

A meeting of the officers of the military society at Santiago was held today at the palace and the election of officers took place. Gen. Shafter was elected president, Gen. Wheeler, first vice-president, and Maj. Sharp, secretary.

6:30 p.m.—Gen. Wheeler sails on the Miami. Seven hundred and fifty men of Gen. Kent's division, the Sixth Infantry, and the Thirtieth Infantry, will sail tomorrow by the Vigilante. The Alcantara, the first Spanish transport, arrived this afternoon, and Gen. Shafter expects to begin shipping the Spanish prisoners by her tomorrow.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Aug. 8.—There were eight violent deaths and one fatally injured in this city in the past twenty-four hours. The dead are:

J. H. BANKS, postmaster and former Mayor of Willow Springs, Ill., committed suicide by shooting himself, at the Briggs House; cause unknown. RALPH SAUNDERS, bicyclist, was struck and killed by an Alton train as he was completing a century run.

LOUIS HANSEN, aged 7, killed by trolley car, while jumping from a car.

P. MORREY, drowned while bathing in the lake; attempts at rescue failed. JACOB ZINKOWITZ, committed suicide by drinking carbolic acid; cause unknown.

JERRA ROE, died of scalds received by entering a bath tub, half filled with boiling water.

PETE MONGAC and JOHN BOSICH, killed and STEVE KOSS fatally injured at Illinois Steel Works while cleaning floors of a blast furnace. Mass of red hot slag fell on them.

Through the Bridge.

UTICA (N. Y.), Aug. 7.—Tonight two cars on the belt line trolley road went through Bradley's bridge, near Whitesboro, and seventeen passengers were precipitated into the Erie Canal. Miss Mary Brady of this city was the only person killed. Several were injured.

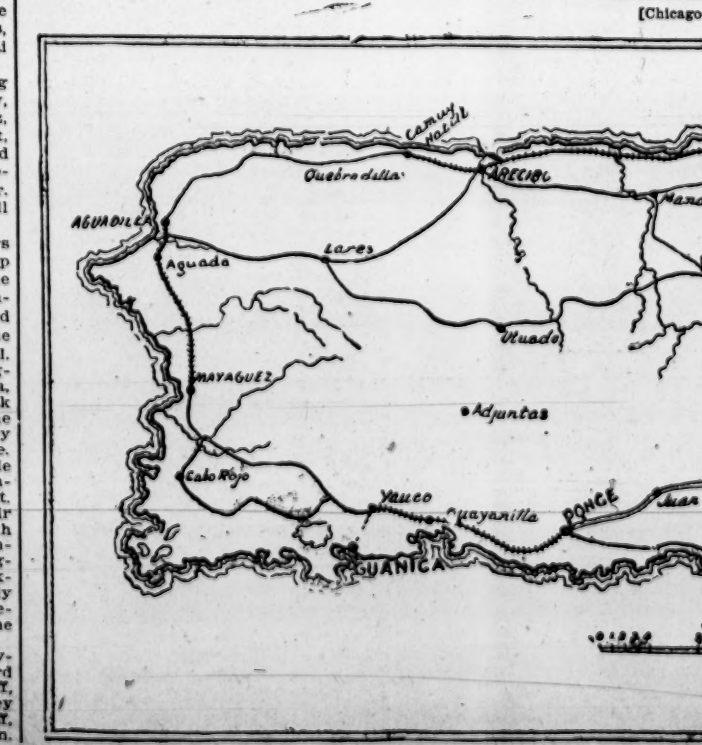

Windstorm Pulls Off.

ASTORIA (Or.), Aug. 7.—The German bark Windbrandt, which was in a dangerous position off the Washington Beach last night arrived in port today. Last night, a south wind sprang up and she beat away from the shore.

[ASSOCIATED PRESS NIGHT REPORT.]

MODESTO, Aug. 7.—A fire this morning destroyed four places of business and burned five horses to death. The blaze started in the Empire Livery Stable, and soon communicated to A. Giovannetti's building, occupied as a saloon and cobbler shop, Masonic Hall, adjoining, was slightly damaged, but, being of brick, did not burn. The fire then crossed the street to the building belonging to Mrs. John Warner of San José, containing the undertaking parlors of G. R. Graves, which was gutted. A building belonging to Peter Schaefer was partly burned. It contained Justice Towne's courtroom and the pottery store of Mrs. Kirk.

The stable was the property of C. C. Wright of Los Angeles, and was valued at \$3500, insured for \$2500. The lessees were Boone & Hambleton. Five horses, all of the harness and several vehicles were burned. There was an insurance of \$2000 on the stock in the stable. Giovannetti owned the saloon in his building, and the building and stock were insured for \$1500; loss \$2500. H. N. Thompson lost \$250 in his cobbler shop, not insured. Graves's loss was \$2500, not insured. The other losses were light.

AT THE GOLDEN GATE.

Hawaiian Commissioners Reach 'Frisco—Are Warmly Received.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 7.—The Hawaiian Commissioners, Senators Cullom and Morgan, and Representative Hitt, arrived in this city last night, accompanied by part of their families, their secretaries and other subordinates. The train was over two hours late. At Auburn a stop was made. A large crowd of people had assembled at the depot. The party was warmly welcomed, and presented with California fruit and flowers. Another stop was made at Sacramento, and in response to repeated demands, the commissioners made brief speeches from the rear platform of the train. Senators Cullom and Morgan expressed their satisfaction that the islands had been annexed, while Representative Hitt contented himself with thanking the people for their cordiality.

In an interview on the train, Senator Morgan spoke at length of the many advantages the possession of Hawaii would be to the United States. It would insure a telegraph cable and furnish homes for thousands of white people, whose settlement on the island he would solve the labor problem there. Contract labor would soon disappear, but existing contracts were not annulled by annexation. The Japanese would be sent back home after their contracts have expired. The Senator added that all former citizens of Hawaii will now become citizens of the United States.

The commissioners will leave for Honolulu by the Mariposa on the 10th inst., and will remain a month or six weeks. They will be entertained by the Chamber of Commerce and the Union League Club before their departure.

SHANAHAN ACCEPTS.

Middle-of-the-Road Populist's Candidate Gets in Line.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 7.—T. W. H. Shanahan, the candidate for the middle-of-the-road Populists for Governor, has formally accepted the nomination, in a letter addressed to D. T. Fowler, chairman, and Carleton H. Johnson, secretary of the State Convention of the People's Party of California. He says, in part:

"All experience shows that efforts of the members of a party to secure office by fusion in advance of the election of the voters is destructive to the existence of the party itself. Deeming, as I do, that all efforts of such a nature were illegal and in violation of the trust reposed in the delegates to nominate a people's party ticket, I have no hesitation whatever in considering myself as the unanimous nominee of the People's party for Governor."

Shanahan proposes to address the voters of the State in behalf of the party he represents.

GOLD'S CHARMS.

Cannot Overcome All the Disadvantages of Anshun Travel.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 7.—The steamer Tillamook arrived this evening, fifteen days from St. Michaels with thirty-seven passengers, nearly all disappointed gold-seekers returning from the Klondike. She brought down but little gold, the total amount being variously estimated at from \$500 to \$15,000.

The Leelanaw had a hard time of it on her outward passage. She took in tow from here the river steamer Rideout. The Rideout was burned almost to the water's edge shortly before leaving and only by the exercise of the greatest care was the trip made in safety.

At Dutch Harbor, a barge belonging to the California-Yukon Transportation Company was taken in tow, but it had to be abandoned before the end of the voyage was reached. The barge began to leak, and when the leak got beyond control everything of value on the barge was taken on board the Tillamook and the craft turned adrift.

Lamont's Car Smashed.

SEATTLE, Aug. 8.—News was received here at midnight that the private car of Daniel Lamont, vice-president of the Northern Pacific Company, was badly wrecked yesterday on the Seattle and International road between Gatchell and Arlington, about fifty miles from this city. Fortunately no one was hurt, while the passenger train to which the car was attached was standing still on a trestle sixty feet high it was run into from the rear by a freight train. The engineer of the freight reversed steam, and the force of the collision was not sufficient to throw the passenger train off the track. Mr. Lamont and the occupants of the car took refuge in the forward cars.

Meyers Takes Morphine.

SACRAMENTO, Aug. 7.—L. J. Meyers, a traveling salesman for the wholesale liquor firm of M. Levy & Co. of San Francisco, tonight attempted to commit suicide at his hotel in this city by swallowing a large quantity of morphine. The physician attending him thinks he will recover. Meyers left a letter addressed to his wife, No. 1000 Broadway, Sacramento, in which he will not be opened unless he dies. He has been in this city several days. No cause is known for his act.

Del Norte Republicans.

CRESCENT CITY, Aug. 7.—The Republican Nominating Committee of Del Norte county has made the following nominations:

County Clerk: J. A. Johnson, Assessor: John L. Childs, District Attorney: Frank Crusius, Tax Collector: W. F. Malone, Auditor and Recorder: A. C. Rausina, County School Superintendent: J. B. Glidden, Coroner and Public Administrator: William Strain, W. H. Morrison, and W. H. Woodbury, delegates-at-large to the State convention.

Baptists at Twin Lakes.

SANTA CRUZ, Aug. 7.—The Baptist convention at Twin Lakes closed this evening. This morning the Sunday-school was conducted by D. F. Warr, Rev. N. L. Freeman delivered a sermon on foreign missions. At 3 p.m. Rev. E. K. Hitchcock and D. H. Parkhurst of the "Gospel Wagon" band were ordained. This evening a praise service was led by Rev. S. C. Keetch. Addresses on "Soul Winning" were made by Rev. A. M. Petty and Rev. B. F. Huddleston.

To Follow Wilson.

TACOMA, Aug. 8.—It is announced tonight that Col. Addison Foster, vice-president of the St. Paul and Tacoma Mill Company, will become a candidate to succeed United States Senator Wilson. He has reluctantly consented to make the contest at the instigation of friends who represent the local and Wilson sentiment.

Carillo Placed in Jail.

SAN DIEGO, Aug. 7.—Nicholas Carillo, who killed Juan Garcia over a year ago, was arrested in El Cajon Valley last night and brought to the County Jail in this city today. The killing occurred near Morena dam, and was the outcome of a quarrel between the two men over a woman.

His Gun Went Off.

SAN JOSE, Aug. 7.—While out hunting rabbits in Hall's Valley today, William Walters, a butcher, had his right arm shot off near the shoulder. His condition is precarious. He was experimenting with a gun he had recently purchased, when it went off, with the result stated.

Christian Endeavor Communion.

SANTA CRUZ, Aug. 7.—At the Christian Endeavor meeting at Garfield Park this morning, Rev. J. H. Hughes preached. This afternoon communion was led by Rev. Martin and Rev. Wilmont. This evening Rev. A. M. Elston preached.

Smoky Atmosphere.

SEATTLE, Aug. 7.—Capt. Cousins of the steamer Umatilla, which arrived today from San Francisco, reports very thick smoke and fog along the coast. The Umatilla was several times during the voyage forced to run at half speed. The smoke from burning forests near the entrance of the Straits of Juan de Fuca makes the atmosphere thick and murky, and steam vessels are obliged to keep their whistles blowing continually.

Two Weary of Life.

SAN FRANCISCO, Aug. 7.—Mrs. E. Cowley, a victim of suicidal mania, killed herself today at No. 464 Bryan street, by taking carbolic acid. Mrs. Augusta Robles committed suicide tonight by shooting herself through the head. Her jealous husband had shortly before accused her of being too friendly with a young tailor.

LOOK

For one moment at yourself. Are you in "good trim"? You are not in that state that perfect men are. You fear and tremble all the time. It is not actually shaking, you are ever afraid that you are not full of vitality.

AT

Once on discovering this and state of existence you should realize what it will mean for you in the future. You will grow more like a weakling than you are now. You will further drain your system if you continue to neglect health.

YOUR

Splendid feeling of full strength may be restored to you. Quite an army of men who were hopeless are now full of vim and fire. It is certain that you may again know what being brimful of life means, but delays are dangerous.

SELF

It is yourself you must consider. Do not hesitate. Write and ask for free circulars and testimonials telling you what "Hudyan" does for every man. It cures them always. Rapidly, surely, permanently. Be a man once more. But "Hudyan," and "Hudyan" only, does this grand work.

If you have a suspicion that you have blood taint in any form ask for absolutely free medical advice and you will receive it. Send for free circulars. All forms of the disease free. No after effects.

JOHNNY JOHNSON.

Turns Up at Indianapolis.

[ASSOCIATED PRESS NIGHT REPORT.]

INDIANAPOLIS, Aug. 7.—Preparations for the big L.A.W. meeting are going on apace. Thousands visited the newly overhauled and saved the crack men work out. Charles Root of Chicago, the official starter of the races, came in today. President Potter and the other league officials have not yet arrived.

Almost every day a dark horse appears in the field and gives the followers of the game another chance to guess who will be the winners of the big championship contests. First it was Maj. Taylor, then it was Orlando Stevens and now it is the ever-popular Johnny Johnson of Minneapolis. On Saturday he came to this city and yesterday he negotiated the fast board surface of the track. He pronounced it one of the greatest speed ovals in the country. A great influx of visitors is expected tomorrow.

Tribe Defeat Bakersfield.

The Triby baseball nine yesterday defeated the Bakersfield nine by the score of 13 to 10. The feature of the game was the batting of Nettles, a home run and two three-base hits by Carroll, and the pitching of Boyster of Bakersfield. Both teams attended a banquet at the Manhattan Club after the game.

IN MEMORIAM.

(To the nation's heroes sleeping at Santiago de Cuba.)

Before war's raging clouds is healed—When horror clouds the crimson field—Where manhood strives and will not yield—A solemn trust;

When God with awful tone doth call, And, to obey, great armies fall—We think, Almightiest, this is all—All dust to dust.

We shudder in the lowering reek—We tremble at the hurrying rattle—Of shell, and know that we are weak—Of little worth.

Incarcerated on midnight's sky—We mark the glare—we hear the cry—Of dying men and see them die—All earth to earth.

But Time the longest conflict ends—And peace benign in pty rends—Exhausted from foe and friends—The earth to earth and dust to dust—The battered sword now rots with rust—Extermination is not just—The soul to God!

The glory of undying fame—The honor of a revered name—For ye who nobly forward came—To make men free!

In scorn of earthly rank the pride—Of freedom's Lord lie side by side—Those valiant sons who bravely died—For liberty.

HORSE

trip, and will pay special attention to the care of wheels.

"One of the interesting features of the week will be the fight between Boston and Buffalo for the meet in '29. Both cities will send big delegations to Indianapolis and expect to entertain in a lavish hand. Representatives from both cities have already looked over the ground and secured their headquarters. The two delegations will arrive on Monday evening, August 8."

TENNIS AT SANTA MONICA.

Fourteenth Annual Southern California Tennis Tournament.

The great tennis event of the year will be the Southern California Tennis Association tournament at Santa Monica, which will be held on the asphalt courts of the Casino, August 15, and the following days. The event will be a men's singles, mixed doubles, consolation singles. There will be first and second prizes in the events for which there are not consolation prizes, and in those the winners will receive prizes.

The All-Comers' Singles Challenge Cup has been won once by Arthur B. Miller and twice by L. R. Freeman. The conditions are that it becomes the property of anyone winning it three times. Mr. Freeman will defend the cup against the winner of the all-comers' tournament this year.

The double championship of Southern California is now held by O. S. Picher and L. R. Freeman, who will defend their titles against O. S. Picher and Miss Marian Jones, and she will defend the championship against the winner of the open tournament this year.

Play will begin Monday morning, August 15, at 10 o'clock a.m., and continue until 12:30 o'clock p.m., and begin again at 2 o'clock p.m. The programme will be continued throughout the week. An entrance fee of \$2 for the all-comers' singles, and \$1 for other events, will be free to all defeated before the semi-finals, must accompany each entry. Entries to the all-comers' singles are still in the future, but lovers of fine horses are already planning and preparing for the two events.

COURTING MATCHES.

Orpheum Lass Wins Again—Some Shorter Triumphs.

Orpheum Lass again won the honors in the courting at Agricultural Park yesterday, for the third time in the last four Sundays, but there came near being a small-sized riot over the champion's success. In the second tie, Orpheum Lass was declared by Judge T. Brennan to have tied Burrell & Wilkins' Stallion, a storm of cat-calls and hisses, there was a verbal tilt between a pool-seller and one Steiner, a leader of the disturbance, and the judge's decision from the critic of the judge's decision from the park. Stella's owners refused to allow her to run again against Orpheum Lass. The disturbance was quieted by calling off all the bets that were up on the course. In the run-off, the course between Orpheum Lass and Innocent Daisy had been declared a tie.

A triumph for the shorteners was the victory of Orpheum Lass in the run-down over Kitty Scott, the winner of the first money and the crack men work out. Charles Root of Chicago, the official starter of the races, came in today. President Potter and the other league officials have not yet arrived.

Almost every day a dark horse appears in the field and gives the followers of the game another chance to guess who will be the winners of the big championship contests. First it was Maj. Taylor, then it was Orlando Stevens and now it is the ever-popular Johnny Johnson of Minneapolis. On Saturday he came to this city and yesterday he negotiated the fast board surface of the track. He pronounced it one of the greatest speed ovals in the country. A great influx of visitors is expected tomorrow.

Tribe Defeat Bakersfield.

The Triby baseball nine yesterday defeated the Bakersfield nine by the score of 13 to 10. The feature of the game was the batting of Nettles, a home run and two three-base hits by Carroll, and the pitching of Boyster of Bakersfield. Both teams attended a banquet at the Manhattan Club after the game.

IN MEMORIAM.

(To the nation's heroes sleeping at Santiago de Cuba.)

Before war's raging clouds is healed—When horror clouds the crimson field—Where manhood strives and will not yield—A solemn trust;

When God with awful tone doth call, And, to obey, great armies fall—We think, Almightiest, this is all—All dust to dust.

We shudder in the lowering reek—We tremble at the hurrying rattle—Of shell, and know that we are weak—Of little worth.

Incarcerated on midnight's sky—We mark the glare—we hear the cry—Of dying men and see them die—All earth to earth.

But Time the longest conflict ends—And peace benign in pty rends—Exhausted from foe and friends—The earth to earth and dust to dust—The battered sword now rots with rust—Extermination is not just—The soul to God!

The glory of undying fame—The honor of a revered name—For ye who nobly forward came—To make men free!

In scorn of earthly rank the pride—Of freedom's Lord lie side by side—Those valiant sons who bravely died—For liberty.

SOLDIERS' HOME.

Delegates to the State Convention to be Chosen Tuesday.

SOLDIERS' HOME. Aug. 7.—[Regular Correspondence.] Gov. Smith has granted the use of the hall for the Republican caucus and ensuing primary election. An open caucus will take place at 7:30 p.m. Tuesday, on which occasion it is expected a large number of names will be presented for delegates to the State convention. As the home delegation will consist of four only, and as there are a number of aspirants, a lively time is anticipated.

Committee man Murphy of the Second Precinct, who was in camp on Friday, has announced to these aspirants that no name will be recognized as a candidate whose announcement for the position is not simultaneously accompanied by a deposit at the secretary's desk of \$2.

The voters have taken exception to the representation made by certain individuals that they can control the vote of the home. Their position here renders the vote of the home a matter of indifference, and that indifference makes impossible a control of the vote of the home by any person.

Deputy County Clerk Ackley has been active in notifying voters of the necessity of registering before the election.

Hills were opened on Thursday for hard work and building of the new home. The contracts for the fiscal year.

Emmett S. Peak, cornetist in the home band, will play on Tuesday evening to Mary V. Green of Los Angeles.

G. Dombrowski, the baritone of the home band, has been appointed sergeant of the band.

Robert Hentig has been appointed steam fitter at the home.

The number of members present at this date is 1532. Those absent on furlough number 100.

The Republican primary election will take place in Assembly Hall on the 13th.

DEATHS.

William Henry, late U.S.N., readmitted July 15, 1888, from Seattle, Wash.; a native of Pennsylvania, aged 71 years. Died August 2, 1888.

David W. Dratt, late second lieutenant Co. G, Eighty-seventh Indiana Infantry; admitted April 28, 1888, from Randolph, Ind.; died August 5, 1888.

Miss Correll, daughter of Mr. and Mrs. J. H. Correll, late Co. H, One Hundred and Ninety-eighth Infantry; admitted from Kingman, Ariz., August 5, 1888; aged 56 years. Died August 5, 1888.

REDONDO. Aug. 7.—[Regular Correspondence.] At the Democratic caucus in the City Hall Friday evening twelve candidates were nominated to run at Monday's primaries, two of whom withdrew, leaving the following named:

F. D. English, N. E. Devore, H. K. Dial, P. S. Venable, E. P. Mayes, S. D. Barclay, D. R. Hancock, D. J. Lindsay, F. C. Mellus and Henry C. Gray. An unlimited caucus followed, and the nominations, as to the probable successful seven delegates to whom this precinct is entitled.

William Faulkner and wife, Los Angeles; J. W. Craig, Lamanda; Mr. and Mrs. Leigh Knapp, St. Louis, arrived at Hotel Redondo yesterday.

STRAWBERRY VALLEY.

Two Girls Go Horseback Riding and Meet With an Accident.

RAYNETA, Aug. 7.—[Special Correspondence.] Thursday afternoon two girls rode horseback riding over the hills. The girls rode their horses with unusual speed, and when near the Native Lumber Company's mill, Miss Correll, daughter of Mr. and Mrs. J. H. Correll, late Co. H, One Hundred and Ninety-eighth Infantry; admitted from Kingman, Ariz., August 5, 1888; aged 56 years. Died August 5, 1888.

A heavy thunderstorm swept over Strawberry and Idylwild camps, and the girls were riding across the road that crosses the hills at the Idylwild.

Prof. Bissell of Pomona College arrived at this mountain resort Thursday.

Mr. and Mrs. Knight of Los Angeles are tenting in Idylwild.

Trout are plentiful in the Strawberry Creek.

Ray McCormick and Gray Sampson of Riverside are in Mrs. Leighton and son are at the Idylwild.

About three hundred campers attended a picnic bonfire at the Pavilion in Idylwild Saturday night.

Mr. and Mrs. John Jacinto was taken seriously ill on the way up the mountain, and was taken home at once.

Parties are being given at the Idylwild. The elevation is 6000 feet; average temperature 78 degrees.

A sixteen-year-old boy named Crites, who lived near the Idylwild, was taken to Santa Ana and had his hand and arm and one eye almost put out by the explosion of a dynamite fuse when he was attempting to remove from a shotgun yesterday forenoon.

SANTA CATALINA ISLAND.

Death of Mrs. William Wannack—Big Game Catches.

AVALON (Santa Catalina), Aug. 7.—[Regular Correspondence.] The sudden death of Mrs. Bertha Wannack, wife of William Wannack, proprietor of Wannack's Ark, was announced here yesterday evening about 8 o'clock. In a tent some 100 yards from the shore, Mrs. Wannack had just finished dinner at the Island Villa, and upon returning to her tent was taken suddenly ill. Dr. Macdonald, who was on duty, could not reach the woman as she was dead. Mrs. Wannack had been a sufferer from chronic heart disease for several years, and it finally broke down. She was a devoted wife and mother, and her death was a great loss to the family.

Many fine catches of fish were made yesterday, among them being that of Leo Rinehart of St. Louis, who succeeded in capturing a 38-pound black sea bass on a hand line. The fish was taken at the shore of the island. A large number of fish were also taken by the other visitors.

ORANGE COUNTY.

FEDERAL OF VOLUNTEER SOLDIER

GUY W. HALLADAY.

Remains Laid to Rest With Military Honors—Delegates to Republican County Convention—Mysterious Child Disease Under Control.

SANTA ANA, Aug. 7.—[Regular Correspondence.] The solemn bugle notes of "all right out," concluding the second month of laying to rest with military honors the remains of the volunteer soldier, Private Guy W. Halladay of Co. L, who died at Camp Merritt, Philippine Islands, Tuesday, July 27, 1898, were sounded by the band of the Santa Ana High School, which was in the city at the Halladay home at 11 o'clock this morning. It was followed by the impressive funeral service of the Protestant Episcopal Church. The body of the young soldier who had given up his life in the service of his country was attired in uniform, and the black velvet casket, which was carried by four men, was presented to Co. L by Santa Ana citizens on the day of the company's departure. The coffin rested amid a pyramid of flowers, a number of beautiful floral designs were placed upon the coffin lid.

After the ceremony at the home the remains were borne to the cemetery, a line of over a hundred citizens, many of them National Guardsmen in command of Maj. C. S. McKelvey and Lieut. Walter Green, followed the casket to the cemetery.

Delegates to the Republican County Convention, which was held at the Santa Ana High School, were seated in the hall, and the funeral service was held in the hall.

Delegates to the Republican County Convention, which was held at the Santa Ana High School, were seated in the hall, and the funeral service was held in the hall.

The body of the young soldier who had given up his life in the service of his country was attired in uniform, and the black velvet casket, which was carried by four men, was presented to Co. L by Santa Ana citizens on the day of the company's departure.

The coffin rested amid a pyramid of flowers, a number of beautiful floral designs were placed upon the coffin lid.

After the ceremony at the home the remains were borne to the cemetery, a line of over a hundred citizens, many of them National Guardsmen in command of Maj. C. S. McKelvey and Lieut. Walter Green, followed the casket to the cemetery.

PRIVATE OPIUM JOINT.

Police officers raided a "private" opium joint on Commercial street yesterday afternoon that is thought to have been in existence for many months. It was the rendezvous of young men and women, many of whom were addicted to the use of opium. It has been asserted that in this place many persons have been reduced from a decent life. Officers Broadhead and Blackburn, who made the raid, found four young men in the room when they entered it. All of them were sent to the Police Station. They gave their names as A. Cooper, A. Haskell, Charles Ricketts and George O'Brien. Their opium-smoking outfit was confiscated, and is now at the station for use as evidence against them when their cases come up for hearing. Haskell was found in the act of smoking when the officers opened the door. Cooper, an undersized fellow, is supposed by the police to be the keeper of the place. Cooper and Haskell are declared to be opium fiends. Ricketts and O'Brien were booked merely for visiting an opium joint. Upon the solicitation of Officer Blackburn the latter two were later released on their own recognizance. The meeting place of the men was in a building in the southeast corner of Commercial and Los Angeles streets.

DOUBLE-ENDER CONVENTION.

Socialist Labor Party Nominates County and Other Candidates.

The Sixth Congress District Convention of the Socialist Labor party was held last evening in Foresters' Hall. H. J. Weeks of Ventura was nominated for Congress. H. M. Leach was nominated for State Senator from the Thirty-sixth Senatorial District, and Fred Schutte from the Thirty-eighth. The nominations for the Assembly were as follows: Seventieth and Seventy-first Assembly Districts, no nominations; Seventy-second, A. McComas; Seventy-third, E. Lut; Seventy-fourth, B. O. Hamby; Seventy-fifth and Seventy-sixth, no nominations.

A county convention followed and a full ticket was nominated. In order to have the nominations placed on the ticket in the coming county election, a petition will be circulated and presented to the authorities. The county nominees are as follows:

Supervisors, District, C. E. Cadney; Third District, J. S. Brunner; sheriff, Edward Agood; clerk, F. N. Tuttle; recorder, F. M. Huddell; assessor, O. Strubberg; tax collector, J. C. Hurley; treasurer, Ed. Amelstun; surveyor, no nomination; coroner, John A. Harriman; superintendent of schools, Mrs. A. Villinger; auditor, F. B. Earnshaw; public administrator, N. Beers; district attorney, L. D. Bechtel; constable, A. Anderson.

THE SHARPSHOOTERS.

Two Possibles Made Yesterday at Highland Range.

Yesterday afternoon the Sharpshooters spent some time in the Highland Range in experimenting with refracted light at Highland Range. 500 and 600 yards, between 3 and 5 o'clock, at least fifty rounds were fired without finding the target. The light changed so rapidly and irregularly that it was impossible to calculate the variation.

At about 5 o'clock, the conditions improved, and some good shooting followed. Sgt. Kilpatrick made the possible fifty at 500 yards, and John King made the possible fifty again at 200 yards, and King followed by forty-eight. Earlier in the day, E. W. Wadsworth, forty-five and H. G. Dow, forty-four at 200 yards, and Dow also made forty-two at 200 yards.

Experience has demonstrated that when there is refraction of light in the gulch, it is useless to shoot at the long ranges, as the actual and apparent positions of the target vary about three feet and the refraction is not constant. A committee is looking for a new location for the range.

IN MEMORIAM.

Large Assemblage Attends Services in Honor of Bismarck.

BERLIN, Aug. 7.—(By Atlantic Cable.) A Bismarck memorial service, organized by the Berlin Bismarck Committee, was held at noon today in the Royal Opera-house. There was a large attendance. The ceremony was impressive and worthy of the occasion. The walls and balconies of the auditorium were draped with black. After the funeral march from Beethoven's "Eroica Symphony" had been performed, curtains were drawn aside disclosing a laurel-surrounded bust of Prince Bismarck. In front of the pedestal on which the bust stood, was a gold wreath trimmed with mourning ribbons.

Ernest von Wildenbruch recited a poem, entitled "Our Bismarck," and the choir sang "We Remember Thee." Prince Bismarck was the "conscience of the German people," heretofore ever defended with our blood. At the conclusion of the oration, the assembly arose and sang the German hymn, "Geh nun hin und grab' mein Grab." The services were concluded by the reading of a funeral march by Wagner.

The Staatsburger Zeitung says that after the funeral services in Berlin on Thursday last, at which the Emperor and Empress and many diplomats were present, the Emperor in conversation with his Ministers, expressed the wish that the "memory of the great Chancellor shall remain fresh and undimmed with the German people and his grave become a place of national pilgrimage for all time."

THE OIL FIELD.

PRICES CONTINUE FIRM, AND MAY EVEN GO HIGHER.

Indications in the Rommel Well in the West—Still Sinking at Boyle Heights—Los Angeles Producers Greatly Affiliated Over Rumors of Confining Contracts.

Oil continues firm at prices ranging from \$1.15 to \$1.25, although small lots are being picked up now and then for less. There is a fair possibility, even, of the price going higher before signs of reaction show themselves. Several producers are vigorously pushing experimental work in different directions with the hope of striking new deposits, but with the exception of the new Rommel well, nothing has so far been encountered that gives hope of their being on the right track. This Rommel well is down about three hundred feet, at which depth the owners got a little oil of heavy gravity. This well is in some distance beyond the limit of Washington street near the Santa Monica electric road crossing. It is believed by some that the western extension of the western field will be found in that locality, if any such extension exists. Others are of the opinion that an entirely new belt will be discovered in that region, one having no immediate connection with the western field. There is, as is known, evidence of a stray ledge running on Seventh street in the direction of the Cahuenga Valley, and if this new Rommel well should prove a success, it will, undoubtedly, prompt a rush to that locality. It is believed that it would prove of great importance to the oil industry, and so far as is known, not an expensive one to drill. Mr. Rommel feels encouraged enough to go deeper down than the 300 feet casing, and will use 34-inch casing for the formation he is now sinking in. The Bradford Company, which has been sinking in Wannack Park, has abandoned the well put down there. They went down over 800 feet, but encountered nothing more valuable than water.

In East Los Angeles work has been stopped on the Wilkinson well, and whether the well will decide to go deeper is uncertain.

Work is still being done on the Sanford well in Boyle Heights. In the Hedley well, which is a local well, the oil is being pumped out, and is going deeper, so as to give that portion of Boyle Heights a thorough test.

The big strike in the Treadwell well, which is in the Santa Barbara county, of which mention was made in this column last week, continues to absorb much attention, being, as it is, the one topic of conversation in that town. It has had the effect of drawing attention to the possible value of the beach-front lands in that locality for oil purposes.

Mr. Treadwell, in whose well the deep strike was made reported last week, has leased an adjoining property having a water frontage of fifty feet, on which he intends sinking for oil. The Treadwell well is flowing at the rate of over seventy barrels a day. Several new wells have been started during the last week, and, as advisers state, not less than a dozen more will be started during the next seven days.

On all sides, it is being pointed out, the extensive development of the oil beds in the Summerland district.

The Santa Fe Railway Company has commenced work on the big tank at San Bernardino. The tank will be thirty feet high, with a diameter of ninety-six feet, and will hold 36,700 barrels of oil.

Los Angeles producers were considerably agitated last week over a rumor that the Southern Pacific Railway Company had entered into some very large contracts for Coalinga oil. That meant that the Southern Pacific people would cease to use Los Angeles oil as fuel in their locomotives. The reason assigned for this alleged act on the part of the railway people was that the latter refused to see anything to their advantage in the advancing price of Los Angeles oil, and as it started in the rumor that the Southern Pacific people were inclined to look upon it as nothing more than an S. P. bluff, and that if the railway people did stand "true" on it they would soon find Coalinga oil was not the kind that was good for them, and that it would not be long before they would return to the Los Angeles field. Others, again, were inclined to take the matter as serious, and look upon it as a most lamentable circumstance, one that would lead to the ruin upon the oil industry of Los Angeles.

Inquiry in respect to this matter was made on Saturday last at the general offices in this city of the Southern Pacific Company, and the answer was that if any such contracts had been entered into for Coalinga oil, or any purchases made of it, the authorities here knew nothing about them, and that in any case such contracts or purchases would not be made here but at the offices of the purchase and supply department of the company in San Francisco.

On further investigation of the matter in other quarters it was learned that the Southern Pacific Company had brought down some oil from Coalinga for its own use, but it was for the purpose of mixing it with the 20-barrel lots of Los Angeles oil in their new tank. In this tank there was put 30,000 barrels, of which the company has used about one-third, and as reported the Southern Pacific people determined to make an experiment by mixing some of the lighter oil of Coalinga with the heavier oil of Los Angeles. That so far could be regarded as all there is in these rumored big Coalinga contracts, so that unless something more serious transpires in connection with them the Los Angeles producers may still retire to their virtuous couches and continue to enjoy the peaceful sleep of the just.

th oil market in Ohio and Pennsylvania is quite as erratic as the Los Angeles market has been, and the talent there is kept guessing to tell which way it is going to move. Speaking of the situation, the Oil City Derrick says: "One hears all kinds of theories advanced for the slump last week and the advance today. The credit balance market opened at 90 cents this morning, the closing figure of Saturday. Just before noon the price was advanced to 92 cents for Pennsylvania oil and the two grades of Lima and Indiana oil were each marked up 1 cent. Whether the decline of last week will be wiped out his week is a matter for speculation. When the market declines there is usually a rush to the selling movement was not strongly in evidence at any stage of the depreciation. Speculators are not taking much interest in the fluctuations in the market. It is stated on pretty good authority that there is a small demand for certificate oil."
